4.4.2 – Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in

Like any other Govt. organization, the college owes its infrastructure facilities and maintenance to the Govt. P.W.D is responsible for the construction of new building infrastructure. The need of the college in respect of infrastructure is normally conveyed to the Govt. after prior planning. Funds are released and placed at the disposal of the P.W.D for necessary action. However, if the college wants to construct anything new from its own resources, P.W.D authorities are requested for the said purpose. The yearly maintenance and wall painting are usually met from the Govt. resources placed against S.R. (Special Repair). The superintendent engineer functions at the top of district P.W.D. hierarchy and there is regular co-ordination of the college with P.W.D. authorities. Water supply and sanitation are looked after by P.H.D. The G.E.D. supplies electrical hardware and looks after the electrical maintenance. College has three D.G. sets for uninterrupted power supply. Govt. of Odisha has recently provided the necessary hardware for the installation of ICT facilities. The sports facilities are maintained from the students' annual contribution. The college has three exclusive computer centers/ labs. Computer Science, being a self-financing course, meets its own requirement from the resources generated. However, Computer Lab. Of physics department and Computer Hub are maintained from the college development fund. The physical facilities include Laboratories, Classrooms and Computers etc. made available for the students admitted in the college. The classrooms boards and furniture facilities are utilized regularly by the students but every Sunday and Holidays the IGNOU and OSOU use the infrastructure. Sometimes it is also made available for the other governmental and the non-governmental organizations for conducting the exams like CBSE/ CHSE/ Bank/ OPSC/ OSSC and other exams like Orissa JEE , AITSE etc.. The central computer or SAMS facility is open for the students at the time of student admission. Use is restricted to appointed office staff. The library is also provided with LAN facility for the computers and they are loaded with the library software and INFILBINET software. The library trained staff look after such software. The ICT Smart Class Rooms and the related systems are maintained with AMC of the corresponding service provider. The college website is maintained regularly by NIC, Dept. Of Information Technology, Odisha.

Election is conducted for the posts of Student Union President, Vice -President , General Secretary, Assistant General Secretary, Athletic Secretary, Assistant Athletic Secretary, Dramatic Secretary, Assistant Dramatic Secretary and Secretary and Assistant Secretary of other bodies such as Humanities association, Science Society, Commerce Society, Day-scholar association, Girls' Common Room and such Representation is stretched to cover almost all categories of students and disciplines. Several clubs are also formed to boost the creative talents of students through Literary and Debating Societies, publication of Annual College Magazine (The Fakir), Annual Sports events and its like. On completion of free and fair elections, the office bearers are sworn into office by the Principal by taking an oath of committed service. Thereon these members assist the Principal in safeguarding the betterment of discipline, duty and values of the institution. The secretaries of various associations assist in the conduct of seminars, workshops, conferences and parent-teacher meetings. The Dramatic Secretary coordinates the conduct of cultural activities while the Athletic Secretary assists the P.E.T of the college to select teams and sports persons for inter college competitions/ tournaments etc. The elected body also serve as a conduit to transfer both grievances and healthy suggestions to the Principal. There is a weighty presence of student representatives in most academic and administrative bodies of the college. The resources for the conduct of college union elections accrue from a running fund annually replenished from student admission fees @ Rs. 20/-.

5.4 – Alumni Engagement

5.4.1 – Whether the institution has registered Alumni Association?

Yes

The College was established in 1944. Named Balasore College, it started functioning from 6th July 1944 when the Government of Orissa decided to establish a second Grade Arts College in the premises of Zilla School and consequently the School became the Government College under one administrative control. In 1949 the College was named Fakir Mohan College (Vide Govt. Letter no.5787-E dtd.2.8.1949) after the great Oriya Poet and Novelist Fakir Mohan Senapati, who was born in Balasore. Thanks to the inspiration and guidance given by Prof. Gopal Ghosh, the then Principal, Fakir Mohan College, Alumni association formally came into being in July 1994. with the overt aim of celebrating the golden jubilee of the college. Prof. Prafulla Kr. Rath, ex-principal, Fakir Mohan College was the first president. Prof. Rath's legal acumen stood the association in good stead when with an untiring zeal, along with Prof. Anjan Kr. Das, he drafted the byelaws of the association which after registration has been the constitution of the association. Though in the meanwhile Prof. Rath has left for his heavenly abode (January 2002), because of his able leadership, during its early years, the association did not flounder in the face of the hurdles that are usual in store for an infant organization. On this occasion we pay our homage and gratitude to Prof. Rath, our founder president. Honourable Chief Minister Sri Naveen Pattanaik garlanding the statue of Fakir Mohan Senapati on the occasion of 9th Annual day celebration of Fakir Mohan College Alumni Association, 5.1.2003. which after registration has been the constitution of the association. <http://www.fakirmohanalumni.in/>

Fakir Mohan Autonomous College Alumni Association was formed as a registered body BLS-5406-181-1995-96 in the eve of the Golden Jubilee celebration of the college in 1994-95. Its contribution towards infrastructural development and various other activities have been significant ever since. The association activities have added around 16,000 sqft on new built-up area to the institution, prominent being (i) Bigyan Bhaban (ii) Post office building. It has installed statues/ portraits of state icons, viz 1-Fakir Mohan Senapati 2- Utkalmani Gopabandhu Das 3- Utkal Gaourav Madhusudan Das 4- Samanta Chandra Sekhar (Astrologer) 5- Kabibar Radhanath Roy 6- Kanta Kabi Laxmikanta Mohapatra 7- Raja Baikuntha Nath Das inside the college campus. The Alumni Association organizes annual meets to discuss different issues that affect the society. Some of the leading speakers have been :- 1. Sri Vinod Rai, former CAG of India 2. Sri Satyananda Mishra, Chief Information Commissioner of India 3. Padmashree Dr. Subrat Acharya (AIIMS, Delhi) 4. Padmashree Sri Apurba Kishore Bir, the famous Cinematographer etc. Students and faculties are regularly exposed to talks by great minds. The members of the Association contribute positively to sensitive matters related with state administration and state Govt. Very recently, the Association has expressed its willingness to extend all cooperation to celebrate the Platinum Jubilee of the College.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

Institutional Best Practices: Best Practice-I 1. Title of Practice: "Mainstreaming the Marginalized" 2. Objectives of the Practice: The main impetus behind such activities is to educate the students as to how one can share and come face to face with poverty and deprivation, something that the directive principles of state policy is yet to comprehensively solve. 3. The Context: One important dimension of good life is where and how we fit in as human beings, embedded in society. The result of socio-economic transformation is unfortunately not even. There always remains a segment of the society who

are either left behind or left out from the mainstream. A system-thinking approach must prioritize all sections consistently, if not equally. History is replete with examples of human beings' ability to overcome self-inflicted atrocities. Our modest approach in mainstreaming the marginalized is never born out of historical necessity, rather from deep obedience to our collective conscience. Good citizens should not only know about their rights but must also be conscious about their responsibilities. 4. The Practice: We try to sensitize our students how one's micro activities and actions have a Macro systemic impact. Mathani houses an orphanage with a capacity of 200 children. The College has adopted this orphanage for over a decade through sustained and dedicated service. Mathani is not a township, rather a nondescript village with poor basic amenities. All the inmates take bath in a common pond, risking the possibility of skin and other peripheral infections. The food ration is met from the contribution of Govt. and different benevolent sections of the society. The general health of inmates leaves much to be desired. College organizes health camps, taking the services of the Govt. doctor posted at the local P.H.C. Medicines for skin ailments, Iron tablets for anaemia and probiotics for protein deficiency are distributed free of cost. Sri Jyoti Prakash Mohanta, Asst. Prof. Computer Science of the College, imparts basic computer literacy training and Physical Education teacher Mr. S.K. Taldi, trains the inmates simple Yogic practices. The college distributes stationary, books and other similar teaching aids. The college plans to introduce life skill education in the future. Fruits and food are regularly distributed during each visit. During the visit dated 24th January 2019, two leading social workers were rewarded for their distinguished contributions in the field of social service. Students feel genuinely honoured for their services to this orphanage.

Ex-faculty Member of Political Science Department of this college, Prof. Shatrughna Mallik is in the board of management of this orphanage. 5. Evidence of Success: 1. Many students of the college have started donating blood voluntarily after visits to the Orphanage. 2. Inmates of the Orphanage have become conscious of health and hygiene, evidenced by a sharp decline in the incidence of dermatological infections. 3. Due to our efforts, the Orphanage management is now sensitized about providing balanced diet in the orphanage, resulting in considerable improvement in protein deficiency, anaemia and other health condition of the inmates. 6. Problem Encountered and Resources Required:

The biggest obstacle which the college faces is not distance, but non-availability of regular transport services. One has to arrange one's own transport. As our visits are never on a day to day basis, a regular output becomes difficult to achieve. The resources to continue such philanthropic works are always a constraint. Institutional Best Practices: Best Practice-II 1. Title of Practice: "Continuous Cultural Engagement" 2. Objectives of the Practice: The Primary objective of Fakir Mohan Natya Parishad was to popularize Odia dialect through Drama and one-act Plays and to develop healthy relationship between teaching and non-teaching staff. 3. The Context: Odisha separated from Bihar on 1st April, of 1936 on linguistic basis. Raja Shyamananda Dey of Balasore along with Madhusudan Das attempted to unify Odia speaking tracts. In 1902, Raja Baikuntha Nath Dey of Balasore demanded the unification of all Odia speaking tracts before Viceroy Lord Curzon. The great litterateur, Fakir Mohan Senapati, after whom the college is named, played a leading role in establishing the distinct identity of Odia as a language. He is widely regarded as the father of Odia literature and nationalism. Literature and the spoken word, the performative and kinesthetic arts, viz. Music, Dance and Theatre are the ways in which human beings continuously evolve. Hence, literature, art, music, dance form an integral part of the culture of any nation. Fakir Mohan Natya Parishad, a cultural organ of the college, started functioning from 1950, exactly six years after the establishment of the college, to carry forward the legacy of the great writer. It was registered under the Societies of Registration Act (8947/426-75-76) Fakir Mohan Natya

Parishad comprises members drawn from the members of teaching / non-teaching fraternity in which students also play a significant role. The activities of the parishad arouse a deep appreciation of local language, food, art, clothes, rituals and various festivals. This connects to our social context in a beautiful way. The Parishad staged the first drama in 1950, the script being written by the first " Natya Bharati" awardee of India, Late Aswini Kumar Ghose. In 1975-76 Govt. of Odisha, gave official recognition to the Parishad.

The most striking feature about this organization is that all the artist-participants are teaching and nonteaching members and students of the college.

Two artists, Sri Paramananda Sahu (Rtd. Head clerk) and Sri C.S. Khillar (Demonstrator of Botany) have won national acclaim for their stage shows and are now recognized artists of all India Radio and Doordarshan. Sri Sahu was honored in the All India Dramatic Competition held in Allahabad. He has also performed in the state vernacular TV show "Tulashi". Sri Girija Shankar Kar (Peon) has performed in the drama "Srashta" in Munger (Bihar). Many child artists have also contributed in a big way on several occasions. Late Gouripada Tripathy, ex-faculty of the college, had written, directed and acted in many plays. Faculties like Sri Anjan Kumar Das (Rtd.), Dr. Natabar Panigrahi (Rtd.), Sri Abijit Das had won accolades for their stage performance. 5. Evidence of Success: Fakir Mohan Natya Parishad has inspired many students to become artists of national fame. The list is endless. Our Gems: - Padmashree Apurba Kishore Bir, Cinematographer, Scriptwriter and Director won the National Film Award for Cinematography, also known as Nargis Dutt Award. Sri Asim Basu, Art and Theatre Director, won the Sangeet Natak Academy award in 2018. Famous as Odia Cine Artist are our students: Miss Medha Mohanty Miss Riya Dey Miss Shruti Das Mohapatra,

Fakir Mohan Autonomous College has itself gone through several transformations, infrastructural and otherwise, ever since it was established in 1944. But the values it has all along tried to inculcate among the students remain invariant, in a specific domain. The college has taught its students how to academically excel and lead a good life. A good life is the ability to enjoy the routine of daily life and to find meaning in its values and to achieve one's aspirations in that context. A good life of an individual is necessary, as all citizens need a sense of safety and security, a sense of satisfaction with their social and economic circumstances, a sense of confidence about who they are and how they fit in to the worlds' larger scheme of things. Prosperity, security and identity are the basic needs that either connect or detract individuals from one another. All human beings seek security, pursue prosperity and cherish identity. Security relates to health, family, social values etc. Prosperity is all about income and earning potentials, sense of wellbeing and some assurance about future. Identity is about one's place in the social order. All three are inherent to the individual and yet are influenced by the external stimuli. Of all these external stimuli, education is probably the most important one. It is a matter of great pride how students coming from extremely weak financial background and vernacular base in high schools excel in the pyramid of higher learning and reach the pinnacle. A student of 3 1st year Science (Physics, Hons) Sri Alok Kumar Bhanja, has been selected from among 5 lakh applicants to study under the supervision of ISRO after graduation. Sri Jagannath Jena, an Alumni of this college, is pursuing his Ph.D, in Max Planck Institute (M.P.I.),

Germany, under the supervision of Prof. Stuart Parkin, an acclaimed figure in the field of Microstructure Physics. These are few examples. F.M. Autonomous College trains students to pursue good life by encouraging them to seriously practice sports. Sports are the most beneficial and become most beneficial, when they become a way of life, an activity that becomes a part of one's identity. The most compelling reason to promote sports is that they promote individual fitness and public health. Sports teach a significant lesson of life ---- "Striving to win, yet becoming graceful in defeat". Sports teach students how to give everything for the group, about competitions, diligence, discipline, hard work and about sacrificing current comport for future success and joy. College is well aware of the fact that not providing a meaningful outlet for students' combative and competitive instincts is potentially dangerous. Students of F.M. Autonomous College follow a long legacy of excelling in the playing field.

8.Future Plans of Actions for Next Academic Year

Any future roadmap is always envisaged strictly in accordance with need and feasibility . We have already articulated how higher education is going through a paradigm shift wherein the role of a teacher would be equated with a facilitator, guide, counsellor etc. and students act as co- creators. Having defined the role set for both , we try to carve out the future trajectory in the following manner. In the light of information explosion, the globe is fast moving to a contactless space-time continuum. The focus will be on to reshape the learning methodology. Both the teacher and students would be prepared to learn at any time from any where 24/7. Due emphasis would be given to virtual books. Evaluation accordingly would be more through open-online test. Students of different levels will be expected to take examinations as their own level of understanding. This will create huge demands on teachers, trained and marshalled from time to time. Teachers would be continuously evaluated through their deliverables. In a way, both teacher and student would form a formidable pair, inalienable and exclusive of each other. As laboratory and libraries would make their ways in to cyber space, students should be correctly guided only through a well informed mentor. This would open up new vistas of learning. At the end of the day, a student leaving the institute of higher education, is expected a make a decent living for himself/herself. As any job requires right skill, we hope to build the right connect with industry, SHG, NGOs, and various other organisations. However, we honestly hope to inculcate a sprit of freelancing among our students as ours is a non-technical institute. Enhancement of skill and skill based courses like B.Voc., under the auspices of the UGC , the course is gaining steady acceptance among wide range of students, cutting across socio-economic background. The college administration is open to consider various other vocational courses, so as to upskill students in the larger perspectives of lives. The basic mantra of our Hon'able Prime minister "REFORM , PERFORM AND TRANSFORM" would be high on our agenda. As we strive forward, a dark cloud of nation's health always overhangs on us. In all likelihood, India is heading towards becoming the Diabetes capital of the world by 2050. This is indeed a cause for national alarm. A country can never afford to spend a significant part of GDP regularly on its ailing citizens and still aspire to become a developed economy. Strict emphasis would be laid on physical fitness. A part of the college routine will be devoted to sports, games, Yoga and fun. For a country to prosper, its play grounds must be adequately engaged. Games/ physical fitness must become an integral part of daily life. This is something we can ill afford. We are unequivocally committed to our social responsibility, this is, in keeping with our firm adherence to educate the students to lead a good life wherein, they would be equally conscious of their rights
